## DETAILED ACTION

### *Election/Restrictions*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-29, Group I, drawn to a method of receiving in real-time, data frames transmitted in a communication network, classified in class 709, subclass 224.
  - II. Claim 30, Group II drawn to a system for utilizing fault diagnosis capabilities of a network analyzer, classified in class 714, subclass 25.
2. Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention II has separate utility such as utilizing fault diagnosis capabilities of a network analyzer and invention I has separate utility such as receiving in real-time, data frames transmitted in a communication network; these patentable distinct features. See MPEP § 806.05(d).
3. Because these inventions are distinct for the reasons given above and search for Groups II and III are not required for Group I, restriction for examination purposes as indicated is proper.
4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR

Art Unit: 2152

1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48 (b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48 (b) and by the fee required under 37 CFR 1.17 (i).

6. A shortened statutory period for reply to this Election/Restrictions action is set to expire ONE MONTH from the mailing date of this action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip C Lee whose telephone number is (571)272-3967. The examiner can normally be reached on 8 AM TO 5:30 PM Monday to Thursday and every other Friday.
